

forward thinking

The **Lexa** is Country Coach's newest brainchild. Smart ideas that make sense. Like a stylish dash featuring a gauge panel that individually adjusts to conform to each driver. Or, a 42" flat screen plasma TV that not only offers great entertainment but also stows completely out of the way into the ceiling. That means an eye-popping panoramic view through the full height windshield.

Get a look at the future. Call 800.654.0223 for more information or take a virtual tour of the **Lexa** by logging onto www.countrycoach.com/forward_thinking.html.
